

Any two can become a couple @ Flutes

'No one should wait for the government to move on same-sex marriage'

Francois Morvan has seen a lot in his time but is flabbergasted with the current situation facing same sex couples wanting to get married.

Francois' Flutes Restaurant is one of the premier wedding destinations in W A and cannot understand why it is taking so long for the Federal Government to legislate around this issue. In Francois' country of birth France, for example same sex marriage has been around since 2013?

"Our wedding venue gets many calls from same sex couples looking to celebrate their union which of course presents no issue to us or to the dozens of other couples celebrating their weddings at Flutes throughout the year . As a business we believe we can take the lead in this area so we've embarked upon our own **"Any Two can become a Couple "** campaign aimed at celebrating diversity."

"Hopefully this issue is formally addressed in the near future in the meantime at Flutes its already one of our wedding options"
